Dear Mrs. Ruble:

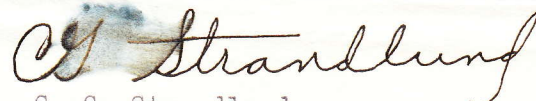

We are delighted to learn that you have moved into the Lustron Home you -- and we -- planned with such keen anticipation, and we want to welcome you into the growing Lustron family.

All the time and effort that have gone into it from the beginning seem more than worthwhile when families actually begin living in the house. We are sure that its many conveniences will provide many more leisure hours for your enjoyment and add to your pleasure and comfort.

Of course, we have been "sold" on the house for a long time and now that you have settled down in your Lustron Home, we are anxious to know what you think of it -- what you like about it -- its good features -- how you think it might be improved -- and how your friends and neighbors like it, too.

We hope that you will live in your Lustron Home, enjoying good health and happiness there for many years to come.

Cordially yours,

C. G. Strandlund  
President
